**Hot Dotty**

Hot Dotty provides the ultimate heat experience to prolonge your outdoor living. The built-in rechargeable heater gives you a comfortable and warm feeling. Our Hot Dotty immediately warms up the essential organs that are located in this part of the body which induces an intense feeling of warmth.

Soon all patio heaters will be banned, that's why we're offering an alternative solution.

Not only an ecological impact but also an economic one. We calculated that a catering business could save up to 80% energy by using heated seats instead of patio heaters.
