

VIS À VIS

PIERGIORGIO CAZZANIGA

DESCRIPTION

The chairs of the Vis à vis collection all combine ergonomic seating comfort with a natural look. Check out the rounded corners of the teak frame and the airy Canax® weave in one continuing flowing line from the seat to the back. The weather-proof Canax® straps are made with natural hemp and give these chairs a very natural, harmonious look. The lounge on the other hand, has an integrated tabletop, made of square slats and is designed in a way that two sunbeds fit into each other. These square slats are continued in the design of the dining tables. By repeating its one modular element, you can make a table as long as you want.

MATERIALS

- Frame: plantation teak from East-Java, every part is handpicked during the cutting process of the tree
- Seat & back: plaited Canax® straps (polyester coated with a mix of solution dyed PVC and natural hemp). UV-, rot and mildew resistant
- Hardware: 316L electropolished stainless steel
- Table: tabletops of 99 x 99 cm can be attached to each other with 304L powdercoated stainless steel support bars to create the table length of your liking

CUSHIONS

Filling in dryfoam which has an open cell structure, so air can circulate freely. Water passes through the filling, but dries quickly thanks to the large open pores, substantially inhibiting fungal growth. Fabrics available in category D, E & F.

COLOURS STRAPS

Legend

packaging A:
table top
33,05 kg
103 x 102 x H7 cm - 0,07 m³

packaging B:
set of legs
8,70 kg
77 x 59 x H13 cm - 0,06 m³

packaging C:
set of support profiles
21,70 kg
166 x 15 x 10 cm - 0,03 m³

packaging D:
set of extension profiles
9,80 kg
122 x 15 x 6,5 cm - 0,01 m³

01773 - Table 99 cm

40,20 kg
1 x packaging A
1 x packaging B
0,14 m³

01753 - Table 300 cm

134 kg
3 x packaging A
2 x packaging B
1 x packaging C
0,38 m³

01754 - Table 400 cm

175 kg
4 x packaging A
2 x packaging B
1 x packaging C
1 x packaging D
0,47 m³

From a length of 5 m or more, a third set of legs will be added

01755 - Table 500 cm/197"

225 kg
5 x packaging A
3 x packaging B
1 x packaging C
2 x packaging D
0,62 m³

01756 - Table 600 cm/236"

267 kg
6 x packaging A
3 x packaging B
1 x packaging C
3 x packaging D
0,67 m³

01757 - Table 700 cm/275"

308 kg
7 x packaging A
3 x packaging B
1 x packaging C
4 x packaging D
0,80 m³

PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Nevertheless, they are not 100% waterproof. Always make sure that furniture, cushions and covers are completely dry before covering furniture.

MAINTENANCE

Teak

Treat new teak with Teak Protector 4 à 6 weeks after installation. Teak Protector applies an invisible film that prevents stains and green deposit. Soiled teak can be cleaned with Teak Super Cleaner. Leave the furniture to dry completely and then apply Teak Protector. To avoid labour-intensive cleaning, you can treat the wood with Teak Sealer. A simple cleaning with water and a ph-neutral soap will do for many years. Teak Sealer contains UV protection to slow down the graying from the sun as well as a fungicide to prevent the growth of mold and mildew.

Teak Protector

D9959
Teak Sealer

Canax® straps

Clean with clear water and a pH neutral soap. Stubborn stains and persistent green deposit can be removed with Synthetics Super Cleaner. Use a soft brush to clean between the weave.
